EDUCATION

Manipal University Jaipur

B.Tech in Computer Science (AI & ML) — CGPA: 8.79

Jaipur

2024 – 2028

Relevant Coursework: Object-Oriented Programming, Database Management Systems, Operating Systems, Data Structures and Algorithms, Cloud Computing

TECHNICAL SKILLS

Languages: Python, JavaScript, TypeScript, SQL

Frameworks & Libraries: React.js, Next.js, Node.js, Express.js, FastAPI, Tailwind CSS

Databases: PostgreSQL, MongoDB, Firebase, Supabase

Tools & Platforms: Git, Postman, Docker, AWS

PROJECTS

CabMate | Python, FastAPI, React, MongoDB, Docker, AWS EC2, Google Maps API

GitHub — **Live**

- Architected a Dockerized microservices-based platform for campus mobility, cutting ride coordination time by **60%** versus manual chat-based workflows
- Built location-aware matching using MongoDB geospatial indexing and RBAC, enabling secure driver-passenger coordination with role-gated actions
- Designed REST APIs using FastAPI and deployed containerized microservices on **AWS EC2**, enabling scalable cloud-based ride coordination services.

FeedbackPulse | Next.js, React, TypeScript, Node.js, Express, PostgreSQL, Prisma, Gemini AI

GitHub — **Live**

- Developed a plug-and-play feedback collection devtool with an embed script + projectKey flow, enabling integration in **less than 2 minutes** across multiple web properties
- Shipped JWT + Google OAuth auth, server-driven pagination (**10+** records/page), domain allowlisting, webhooks, and Gemini-based sentiment tagging for faster triage
- Built backend APIs with Node.js and Express to process feedback data and trigger AI-based sentiment classification workflows.

Tempora | Python (Standard Library), MITRE ATT&CK, Forensic Analysis, Regex

GitHub

- Engineered a zero-dependency forensic tool utilizing Python generators for $O(1)$ memory processing of **GB-scale** logs, implementing the **Alibi Protocol** and **Shannon Entropy** to detect synthetic forgery.
- Automated threat triage by mapping anomalies to **MITRE T1070/T1005** techniques and integrated **SHA-256 hashing** with interactive HTML reporting to ensure a verifiable forensic chain of custody.

EXPERIENCE

TEDx Manipal University Jaipur | Core Committee (Content Team)

Jul 2025 – Nov 2025

- Crafted speaker narratives and event content for **6** sessions, maintaining consistent messaging across Instagram and WhatsApp campaigns

CERTIFICATIONS & ACHIEVEMENTS

AWS Certified Cloud Practitioner (CLF-C02)

Amazon Web Services, 2026

- Passed the AWS Cloud Practitioner certification exam, demonstrating foundational knowledge of AWS cloud services, architecture, and deployment

1st Runner-Up in GDG TechSprint Hackathon

Manipal University Jaipur

- Secured 1st Runner-Up position by building **FeedbackPulse**, a SaaS devtool for collecting and managing user feedback via an embeddable widget and admin dashboard
